

Lower North Island Network Meeting

Date 31st August 2018

Venue DML Building, 656 Tremain Avenue, Palmerston North

Time 1730 Onwards

Come along and network with your colleagues in an informal environment and bring along any topics for discussion. We will be discussing endotoxin water testing, why, how, and results. This meeting is open for everybody to attend so bring along your colleagues. We order dishes from a local restaurant's menu and the cost is split between us on the night. Bring along some fluid refreshments and snacks and tea and coffee is supplied. A certificate of attendance is given on the night which can go towards your portfolio. There is no charge for attendance. Following a very informative meeting at Wakefield Hospital regarding the cleaning of eye instruments this could also be on the table for discussion so pop along with your questions as we would love your input. Any questions regarding this meeting please contact sheryllchivers@gmail.com Phone 0210453876

Shirley.newport@gmail.com Phone 0273635040 or you can contact either one of us at Crest Hospital Sterile Services Palmerston North.

Hope to see you there.
